

Extra fixing bracket for round conductor

This bracket allows interconnecting conductors like meshing tape or down conductor to meshed cage strike point.

Interconnection with tin-plated copper $\varnothing 8$ and 10 mm round conductors shall work by strike point fitting.
Piece drilled at $\varnothing 11$ mm allowing a connection with M10 screw.

It can be associated with the following products :

- Angle support (AFF0836PC)
- Plate support (AFF0835PC)
- Cement « point pointe» stud (AFF8036PC)

Exists for strip type conductors of section 27x2 à 33,5x3mm (AFF0501PC)

Caracteristics

Reference :	AFF0502PC
Type of installation :	Meshed cage
Assembly :	Placing this tab around the conductor, the setting "in-pressure" is done by tightening the tip
Use :	Conductor and single rod interconnection
Display :	-
Conductors :	conducteur rond $\varnothing 8$ et 10 mm
Material :	Tinned copper
Dimensions :	50 x 28 x 10 mm
Weight :	0,050 kg
Index of protection :	-

Franklin Technologie® - A full range of lightning and overvoltage protection.
In the continue framework of its products, Franklin France shall be entitled to modify specifications without notice
