

Plastic clip

These fixings allow fixing round conductors on concrete support.

Ø8mm round conductors are maintained by pushing at the upper part level which can be snapped together. The base is equipped with a Ø8mm plug.

This piece allows spacing the conductor of 18mm regarding to the support (height between the base and the conductor axis).

Caracteristics

Reference :	AFH6407AC
Type of installation :	Down conductor and bonding when merging
Assembly :	Fixing on all concrete support. Drilling Ø8mm. Capot enclipsable by pressure
Use :	Fixing of the down conductors and equipotential connection
Display :	-
Conductors :	Ø8 Round conductor
Material :	Polypropylene plastic
Dimensions :	50 x 22 x 21 mm
Weight :	0,016 g
Index of protection :	-
Standards :	NF EN 62561-4
