

### Multistrand coupling

This coupling is used to connect the 3 braids of crow's foot. It is then possible to connect more than 3 conductors.

Conductors type tinned copper strip coil 27x2mm, inox 30x2mm and galvanized steel 33,5x3mm are maintained in pressure after clamping of the 4 delivered M10 screws.

Principle drawing crow's foot earthing system

### Characteristics

Reference :	<b>AFK0004RM</b>
Type of installation :	Earthing system
Assembly :	Clamping of the conductors with this coupling.
Use :	Horizontal interconnections of the earth electrodes
Display :	-
Conductor :	Tinned copper strip coil, inox and galvanized
Material :	Cupro alu
Dimensions :	80 x 80 x 20 mm
Weight :	0,930 g
Clamping diameter :	-
Standards :	NF EN 62561-1
